

**POLYPACK**  
Quality is our habit

## OUR COMPANY

---

Polypack, cooperating with the largest glass and plastic packaging factories in Asia, offers to the Greek and international market a wide range of packaging of the ultimate quality to meet the requirements and needs of its customers. With the main objective of providing certified packaging products with the lowest possible environmental footprint, our company provides packaging solutions for the pharmaceutical, food and cosmetic industry.

More specifically, Polypack ensures its customers the direct supply of the following products:

- Glass syrup bottles
- Glass tubular vials for injection use
- Eye dropper bottles
- Reversible cap vials
- Vacant Gelatin & Vegetable capsules
- Glass & Plastic bottles for food supplements
- Plastic tubes for vitamins
- Glass and Plastic jars for cosmetic use
- Essential oil glass dropper bottles
- PET bottles for cosmetic use

## OUR PHILOSOPHY

---

Since the establishment of our company, our main mission and vision is to be a leader in the packaging industry by offering reliable products and services to our customers. Knowing that everything around us can be packaged, we have an ambition to find the right packaging in the highest possible quality and at the lowest possible environmental cost.

By thoroughly studying the market trends and the increasing demand for quality and recyclable packaging, we focus on fully understanding our customers' needs in order to provide a wide range of products that meet market requirements at the most competitive price.

Following modern standards and commercial practices we choose as a company to operate and communicate throughout the supply chain with high speed, immediacy and flexibility creating reliable partnerships with both our suppliers and our customers.

**QUALITY FOR  
US IS NOT AN  
ACT BUT A  
HABIT**

# PRODUCT CATEGORIES

**WE HAVE  
THE RIGHT  
PACKAGING  
YOU NEED**

## PHARMACEUTICAL PACKAGING

### SYRUP BOTTLES

We offer glass syrup bottles in two main colours (amber & transparent) and in various sizes to meet our clients' needs.

### INJECTION TUBULAR VIALS

We supply the Greek and International pharmaceutical market with glass tubular vials made of high quality borosilicate glass for the packaging of injection medicines.

### EYE DROPPER BOTTLES

We offer plastic eye dropper bottles in two main sizes and colours and with a capacity of 0.05ml/drop. They come with a secure bottle closure to ensure a safe and quality packaging of pharmaceutical liquids.

### GELATIN & VEGETABLE CAPSULES

For the delivery of life-saving drugs, minerals and vitamins, we supply the pharmaceutical industry with certified gelatin and vegetable capsules in a variety of sizes and colours.

### REVERSIBLE PLASTIC CAP VIALS

Our plastic vials come with a child-resistant cap function and are great for dispensary supply keeping the medication moisture resistant. They come in various sizes and colours to meet customers' demand.

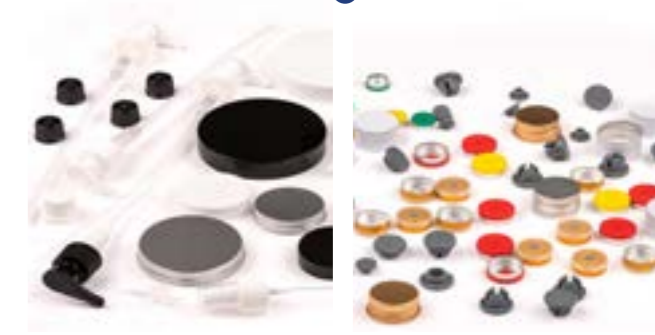

## PACKAGING FOR SUPPLEMENTS

We offer a big variety of glass and plastic bottles and vials for the packaging of supplements, vitamins and tablets in many sizes and colours.

## COSMETIC PACKAGING

For any cosmetic use, we supply the cosmetic industry with a big number of glass and plastic jars, vials and bottles in many sizes, styles and colours.

## ACCESSORIES FOR PACKAGING

We offer a number of different accessories such as plastic and aluminium caps, pipettes and others which come together with the pharmaceutical, cosmetic and supplement packaging we sell in the market.
